Beloved Partners and Friends,

We are simply exhilarated at the prospects of building the new Bible College! Having criss-crossed Finland looking at every conceivable facility from hotels to schools to hospitals to asylums and finding not a single property appropriate or suitable, it was clearly apparent that the Lord had something else in mind. We were content to simply wait upon the Lord without fretting. It has subsequently become crystal clear that the Bible College base must be right here in Malawi. The joy, the victory, the excitement of the Holy Spirit simply wells up within my soul and offers absolute assurance that this is such a right decision as to be indisputable. Everything is in place and set for building. We have over 10 hectares (22acres) of land with city water and electricity set against the backdrop of the beautiful Michiru Mountain nature reserve on the western border of the city of Blantyre and directly alongside the Academy. Of course, in these turbulent economic times, it is not naturally right to build but the Lord is greater than the economy and He has clearly given us the green light. What are the factors that make this decision so crystal clear to us? Here are the primary issues that we have considered as follows:

1. We feel it is HUGELY significant to separate all students from western culture and the western mindset so that they might devote all their energies and efforts to studying the Word and cultivate a listening ear to the blessed Holy Spirit. When we consider that the disciples were with the Lord twenty-four/seven for three and-a-half years what makes us think that we are able to train effective vessels in any less time or under any less of conditions? Discipleship is TRAINING IN A LIFESTYLE. No true lifestyle can possibly emerge when students spend half their academic lives being concerned about raising fees instead of being focused on studies as happens in the majority of western insti-

BIBLE COLLEGE

tutions. In Africa, all students will be delivered from the clutter of western life and ways. They will also learn to be delivered from their natural nationalities so as to truly function as separated, called vessels and genuine operating citizens of the mighty Kingdom of God. No vessel can become a true intercessor if that vessel remains nationalistic. We are called out of the nations and allegiance to the nations to become His peculiar nation. The Holy Spirit will accomplish very powerfully bringing all students to the DEATH OF SELF so that the Lord might wholly and powerfully live in them and then live through them. All students will be trained in the art of intercession and all that it entails.

2. Practically significant is the very real issues of costs. It is far cheaper and much more cost effective to operate a Bible College here in Africa rather than in the west where costs are enormously higher. The same dollar or euro will go much, much further in Malawi than in America, Britain or Finland. This does not mean to say that there would be any lowering of standards. On the contrary, the standards will be at least as high, if not higher than in the west. The quality of food being mostly ORGANIC is far healthier, tastier and exceedingly more nutritious than in most western countries. There is no need for massive heating bills in sub-zero temperatures and in Malawi electricity and water continue to be comparatively cheaper. Students will not be paying for staff to earn high salaries as all teaching staff "live by faith" and give of their expertise in the same way as the Lord has given to them. There are no enormous administration costs as with overseas institutions and the Bible College will not be run for any kind of profit. All of these factors will mean that costs will be about one third of what they are overseas.

3. The enormous opportunities of "learning by practice" cannot be understated. Students will be given every chance to experience reality by "hands on" in every area of ministry and life. Students will be given the chance to start and operate their own local church; to be involved in evangelism of remote regions; to partake of prison ministry; orphanages and old peoples' homes; and, ministry to Moslems. The only limitation to ministry in Malawi is the one that the individual imposes upon

himself or herself. At the Bible College students will be expected to put into practice all that which they are taught in the classroom. Students will be required to enter into the disciplines of serious intercession with fasting. Staff of the Bible College will live in close proximity with the students because education is much more a matter of LIFE BREATHED SPIRIT than intellectual stimulation. Paul declares, *“Knowledge puffeth up...”* We require men and women of God to exude the LIVING REALITY OF THE LOVE AND GRACE OF CHRIST in their everyday lives.

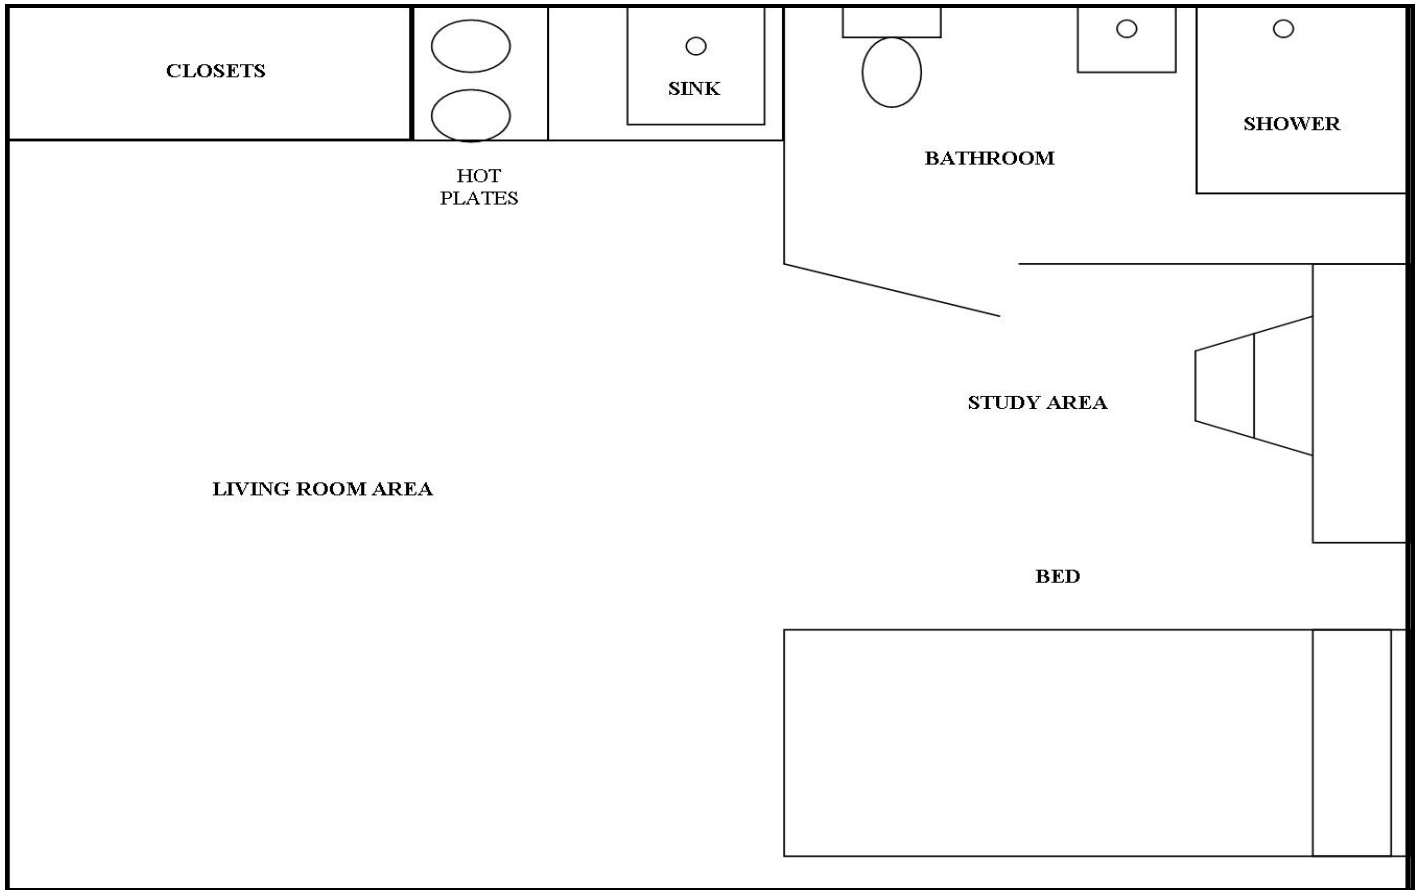

4. This is the twenty First Century where academic certificates are of the utmost importance. There are far too many schools and colleges issuing bogus certificates that are awarded after very little work and effort has been invested by students. The Bible College in Malawi will be offering a full Degree program. To this end the Bible College will be affiliated to, and operate under the umbrella of a reputable internationally recognized institution and will be registered to issue both degrees and diplomas. We are well aware, however, that neither degrees nor diplomas make REAL men and women of God. The genuine vessel is broken and molded in the furnace of affliction and in deep intimate fellowship with the Lord. There are no substitutes for these things. Over the years we have trained young men and women in this wonderful environment and we have seen almost every student graduate and become powerful vessels of the Lord. They are being used in many areas of the nations of the world to establish the glorious Kingdom of Almighty God. In Finland we have seen dynamic young men become pastors, elders and anointed workers full of Holy Ghost power in different fields of His vineyard. These young men had enjoyed every opportunity to practice hands on ministry in Malawi and the fruit has been amazing and lasting. The same applies to young men and women from Britain, USA, Australia and other nations. One of the most commanding statements that I am able to make is as follows. *“Because of the anointing created by the order and government of the Lord, students for the first time in their lives are clearly able hear from Him.”* Their decisions about life therefore are not based on foolish emotion and whim but solidly upon His mighty Word through understood authority structure. We are rising up a new generation of REVIVALISTS! True revival is the emphasis on true Holy Spirit - not self-styled - appointed apostles who will once again manifest the genuine governmental order and authority of God as almighty Father. We have the practical proof that this method works and works dynamically. It simply has to as it is fashioned by the blessed Holy Spirit. What we are looking for are partners who will invest, not in Malawi, but in this new generation of western Christians who will return to Finland, Britain, USA and Europe and impact their generations with the powerful word dynamically preached and taught with the true love of Jesus instead of hypocritical religion. Amazingly, this is Ecclesiastes 11: 1 in operation. *“Cast thy bread upon the waters: for thou shalt find it after many days.”* For hundreds of years missionaries have departed the shores of Europe, Britain, America and Canada to take the glorious Gospel to the ends of the earth. Lives - that loaf of bread - were broken and poured out for the cause of Jesus Christ. Now, after many days, the nations of the world are offering back the Word to those who gave it to them through powerfully anointed servants of Christ visiting the home nations. This is what the Bible College in Malawi will be all about.

REPORT FROM THE FINNISH TEAM BUILDING THE MODULES

I wanted to write to you to let you know how things are going here. Nine bath rooms are already built and in the container! That is half of the first shipping. Several people have been helping me with the building. The whole home church is supporting me practically and financially. Many have given money, even though they don't have much. They still want to give because they believe in the project. Nokia Mission also wants to support the project which is nice and encouraging.

We also filmed a DVD about the project which we can show in churches to let people know and give them the possibility to help. TV7 might be a part of this project and also Näky-lehti (The Vision Magazine). I believe that all the money we need will come in at the right time from all nations since this is God's project for all nations.

FLOOR PLAN OF THE STUDIO APARTMENTS FOR THE BIBLE SCHOOL STUDENTS

CONTAINER STORAGE

We were recently notified by Mail It that they have moved into new warehousing and no longer have storage space for goods for the containers we send to Africa. Our grateful thanks to Mail It and all the staff who have been so gracious over the years to receive our goods in Toledo. They have really blessed us as they offload goods for us and then stack and store them. Our thanks to Michelle as she and her husband have come in on a Saturday morning to open up for us so that we can load the containers and thank you Karen for making the space available to us.

Last year we did not have enough to send one but did send the 40' container of dehydrated food which was given us as well as a school bus. By the end of this year we hope to have enough to send another container of mixed goods for the school and for the new student apartments at the Bible School.

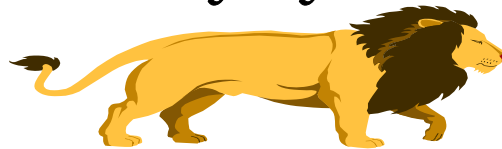

If anyone knows of available warehousing please contact this office as soon as possible. It would need to be large enough to handle 2500 cubic feet of goods. The normal size of our containers are 40' x 8' x 9'. It does not necessarily have to be in Ohio although our friends from New Life A/G and others in the area are always so helpful when it comes to loading as we only have a two hour window to load a container.

SUDAN UPDATE

Dear Mama,
 Southern Sudan is trying to come up with all kinds of developmental ideas and activities for this year. On New Years day 2010, people came from every tribe with their drums to play their traditional dances in Yei Town Freedom square. This is done in almost every town and village centre throughout Southern Sudan and normally all kinds of demonic things happen because many people come drunk for these dances and much witchcraft is practiced. This year we held overnight prayer on New Year's Eve for God to destroy all witchcraft much of which is encompassed in the traditional dance and to let people hear the word of God. We planned an open air crusade on New Year's Day. God came through as He does in answer to prayer and instead of paying attention to the traditional dances God made people to desert their dances and all came to listen to the Christian music we were playing in our loud microphones which was followed by the preaching of the message of Salvation. At the end almost everybody's hands were up in the air for repentance and receiving Jesus Christ. God did a very wonderful thing and so many received healing of whatever sickness that was troubling them that time. I wish I had a camera as I would have attached for you some pictures of that event. We praised Jesus.

Our endless thanks go to you and our dear supporters who stood firmly to train us during those tough years of war and hardship in Southern Sudan. Please pass our regards to them. Though there is no communication between us and them let them know that what they gave is now being returned in many souls. They gave their money to save a nation and that was never in vain for it was for the King of Kings. We love them and we will never forget them in our prayers.

UPDATES

Please remember that Bwana will be in the States this year from July 23rd to August 31st. If you would like to have him in your church or come and speak to your group please contact the office in Troy MO:
 shekmin@aol.com or
 (636)4625540.

He will also be in the UK in May and I am working on his itinerary for that at present. You can contact me via email or you can contact our UK contacts if you would like him to come.

Please pray with us that the Lord will open new doors both in the UK and the US. There is such great need to be taught and trained in these days. There is an urgency for an awakening in Europe and for the Lord to pour out His Spirit on all flesh. Let us pray that there would be such a mighty outpouring that even the Moslems in Europe would not be able to withstand the TRUTH and would turn to the Lord Jesus in droves so that their plan to take over in Europe would be forever halted. We do not need them to be expelled as they were from Spain so many centuries ago, we need them to be forever changed by the glorious Gospel.

TAPES AND DVD'S

Sermon on the Mount	8 tapes
Revival	8 tapes
Until All Have Heard	5 tapes
The Bride	6 tapes
Repentance	6 tapes
Over the Top	4 tapes
Unity of the Brethren	4 tapes
Break Through to Freedom	3 tapes
Issues of the Heart	3 tapes
Chicago Conference (Obedience)	3 tapes
DVD Creation/CD Creation	\$15
Intercession DVD (6 hours)	\$40
